Were we able to look behind the scene at the manipulations of the propaganda for and against "daylight saving time" we would see on one hand the theaters battling desperately to retain the present time, while opposing them we would find the oil companies who, naturally, think that an additional hour in which the motoring public could be burning up gasoline would benefit them tremendously. And of course if people were out riding they couldn't very well be at the theater. What are we going to do about it—see the show or take a buggy ride? Who cares?

That's all.

STEPHEN MERRILL COMPETES IN SONG FEST LAST NIGHT

Stephen Merrill, well-known and popular young singer of Campbell represented Santa Clara county in the Northern California Atwater-Kent Foundation audition broadcast over KPO Monday night.

The contestants in the audition represented 22 districts and were evenly divided as to boys and girls. A first and second choice of both the boys and girls will be voted upon by the radio audience and will count 40 percent. The judges, Mrs. (Mrs. Nora McMurdo) was selected for this district) control the remaining 60 per cent of the decision. The winners will represent California in an all-western audition to be held in November, the winner of which will compete for national honors in an audition at New York city.

Stephen won the district audition held at the California theater a few weeks ago by a great majority and friends are confident of his success in this event. The final outcome will not be known until Sunday.

GRANGERS HEAR OF AMENDMENTS NOW BEFORE THE VOTERS

Tuesday evening, Oct. 14, the Orchard City Grange held its regular meeting at the Odd Fellows hall with Worthy Master S. N. Hedegard presiding. The principal speaker of the evening was Frank H. Benson of San Jose. He gave a very interesting review on the proposed amendments to the state constitution.

Following the talk brief reports were heard from several committees. Arrangements at this time were made for members of the Grange to attend the state Grange meetings at Napa this week.

Those who left today for the state meet are Mr. and Mrs. S. N. Hedegard, Mr. and Mrs. L. L. Merrill, Mrs. Jessie McChesney, Mr. and Mrs. Harry Barnes, Mr. and Mrs. E. K. Clendenning. Those who will attend Thursday's sessions are Mr. and Mrs. L. E. Hendricks, Mr. and Mrs. Louis Shelley and Stanley Smith.

CAMPBELL IN WIN OVER PIONEERS

Campbell and the Pioneer 9 put on a good show at the local diamond Sunday afternoon, with Campbell on the long end of a 2-1 score. Campbell's first score was made in the fifth inning and the winning tally in the seventh. For a while it had the earmarks of a scoreless game. The Pioneers made their only run in the eighth frame.

Another item of interest to fans is that the new grandstand has been painted and hereafter those witnessing the game will be asked to take a seat in the stand.

Tony Ferro, manager of the team, is bringing the boys along in great shape and needs the support of all baseball fans. Be out to root for the boys, and don't forget that equipment costs money, when the hat is passed around.

LOCAL TEACHERS URGED TO JOIN TEACHERS UNION

At faculty luncheon at Campbell Union High school tomorrow, Anna C. Dart will urge the other members of the faculty to join the San Francisco Federation of Teachers No. 61 with headquarters at 2940 Sixteenth street, San Francisco and rally to the support of the present tenure law for teachers. She will say:

"Someone has said that 'all people may be classified either as those who look backward or those who look forward.' In California today a backward looking movement is daily making considerable headway against the real interests of the teachers and the children of the state of California. I refer to the efforts to undermine the permanency of the present teachers' tenure law. We are told with one breath that the tenure law is not worth the paper it is written on, and that it must be changed because at present school boards are dismissing teachers at the end of two or three years service, lest such teachers be saddled on their community for life. What is the truth in regard to the tenure law. If the teachers' tenure law is so ineffective, why this move to change it?"

"The fact is that 'scientific management' has so captivated school administrators that the dismissal of experienced teachers who have earned the maximum salary schedule by years of service, and their replacement by inexperienced teachers with lowest salary rating, has become part of the 'efficiency management' plan. Not the quality of the teaching but the

Opportunity To Get Gifts At Autumn Fair

"The Doll House"—doesn't that sound interesting? Or perhaps "The Gift Shop" may be more intriguing to you. These are only two of the booths which will be found at the "Autumn Fair," replete with dainty and useful articles for your own pleasure or for gifts. Others will be just as interesting and provide for a great variety of choice.

A food booth will help to solve the "three meals a day" problem, and light refreshments will be on sale Thursday afternoon and evening. Friday evening the family can enjoy the pleasure of eating out, as there will be a 50c plate supper served, to be followed by a play that is being perfected by frequent rehearsals under the able coaching of Mrs. T. A. Cutting. But when and where are all these delightful things to happen, you ask. Oh, to be sure! On the afternoons and evenings of Thursday and Friday, Nov. 13 and 14, in the parlors of the Congregational church. Adv.

KIWANIS NOTES By Heck

Eugene Rosevear of Peking, China, was the speaker at Kiwanis luncheon today and gave a very instructive talk on the customs and conditions in that country today. The main struggle is between the north and south of China with various smaller factions fighting on or against either side. Power is the great aim of all generals and nationalism is entirely lacking among the troops, the opportunity of being in for the looting of cities being the strong incentive.

The foreigners are today doing more to help save China than the natives. Chinese who have been educated in Europe or America do much more talking and less constructive work than others. Foreigners in aiding China of course are protecting their own interests which tends to cause ill feeling on the part of the natives. The army is made up of conscripted coolies on small pay. They carry a teapot, pan, fan and umbrella, sometimes a gun of questionable worth. The savings of a lifetime are hoarded for funeral expenses. Presents are always given in pairs.

Mr. Rosevear exhibited some very artistic articles of handwork in which these people have been past masters for several thousand years. Warren Hyde, chairman of the day, is an uncle of Speaker Rosevear and also of President Ralph Hyde. Sure he's proud. W. D. Frazee of St. Helena will speak on "Business Efficiency From the Food Chemist's Standpoint," and Lou Shelley will order the "eggs" at the next meet.

COMMUNITY CHEST DRIVE ORGANIZATION PREPARING TO GO INTO ACTION FRIDAY, NOVEMBER 7; LIEUTENANTS APPOINTED

THE PRESS' NEW BUSINESS CAMPAIGN CAME TO A CLOSE LAST WEDNESDAY EVENING. THE NEW BUSINESS IS COMING IN SO FAST WE HAVEN'T ROOM FOR A STORY ON THE CLOSE OF THE CONTEST BUT WE WILL PUBLISH NAMES OF THE WINNERS: MRS. LEONARD SHADLE, FIRST, 1930 FORD SPORT COUPE; JOSEPHINE LA BARBERA, SECOND, \$177.50 MAJESTIC RADIO; ABBIE MORGAN, THIRD, \$125 DIAMOND RING. THE PRESS THANKS THE CONTESTANTS AND THE CONTEST MANAGER, MR. LANDRY, FOR THE GOOD SHOW THEY PUT ON FOR THE CAMPBELL FOLKS.

CRASH WRECKS TWO CARS AT HAMILTON JOHNSON CORNERS

The intersection of Hamilton and Johnson avenues was the scene of another auto crash this morning about 8 o'clock. An auto driven by a San Josean was proceeding down Johnson avenue at a rapid speed and crashed broadside into the car driven by Bill Norris, who was accompanied by Bill Bauer, both of Campbell, who were halfway across the intersection when the collision occurred. The impact sent the Norris car rolling into the Keesling orchard, turning over three times. The other car also wound up in the orchard. Both machines were badly wrecked. A small bruise on Norris' leg was the only injury sustained in the tangle, although all participants suffered shock.

Rebekahs Visited By Dist. Dep. President Mrs. Lucy Brown

The Ada Rebekah lodge held its regular meeting this evening at the hall. Mrs. Lucy E. Brown, district deputy president, was an official guest, accompanied by Mrs. Nellie Jung,

hostess to a group of friends at their regular Wednesday evening bridge party at her home on east Campbell avenue. The house had been prettily decorated with flowers of all kinds for the occasion. Dainty refreshments followed the cards.

Present were Mrs. Horace Lea, Mrs. Floyd Bennett, Mrs. Ernest Snow, Mrs. E. E. Lanphear, Mrs. Julius Bachman, Mrs. B. N. Young and Mrs. E. C. Young.

The organization which will handle the Community Chest drive from Oct. 29 to Nov. 7 is being rapidly drawn together, according to Carl Field, campaign manager, who this afternoon had nearly completed his list of lieutenants.

The amount to be secured this year is \$2,250, about \$750 less than last year, due to a surplus. Present business conditions point to an economically severe winter and the need for funds will become apparent soon enough. Everybody is urged to do all they can toward making the drive a success.

At the head of the drive are Ralph Hyde, president, recording secretary, Mrs. Gordon Ainsley, financial secretary, G. E. Farley, and manager, Carl Field. Headquarters are to be located at Farley's real estate office.

Lieutenants secured to lead the solicitors in their various communities are:

F. L. Howes, Union; Louis Shelley, Cambrian; Wilbur Mitchell, San Tomas; J. E. Wiesendanger, Moreland; (Meridian lieutenant not yet appointed) for a Campbell, George Parso, M. E. Purmort, S. N. Hedegard, A. S. Baell, W. L. Merrill, C. H. Whitman, T. A. Cutting, R. H. Hyde, H. C. Smith, J. H. Bennett, R. G. Archibald, E. C. Merrill, G. W. Burrows, Miss Emma Swope, D. H. Cramer, I. R. Abbott, F. R. Anderson (county hospital), Mrs. H. M. Shadle, W. C. Bohnett, Miss Jessie Lewis and Harry White.

Manager Field has called a meeting for Monday night, Oct. 27, at 7:30 at G. E. Farley's office. It is very important that all lieutenants be present.

deputy marshal.

Mrs. Brown in her talk to the members gave instructions on the secret work of the order. She was presented with a beautiful bouquet by the local lodge. In honor of the occasion Mrs. Beulah Covey and her committee had decorated the hall in the Hallowe'en and autumn colors.

A lovely program was prepared for the evening, featuring two vocal solos by Josephine LaBarbera, accompanied by Miriam Dunlap, and two piano solos by Professor Bryon. Robert Larrocca, drill captain, called a practice of the team for Friday night.

Refreshments were served by the committee at the close of the session.

VIRGIL NESBIT IS KILLED IN MOTOR-CYCLE SMASHUP

Virgil Nesbit of Campbell died, early Monday morning from injuries sustained Sunday evening when he crashed into the rear end of a truck with a motorcycle. It is believed the unfortunate victim was blinded by the headlights of an approaching automobile and failed to see the truck in time to avoid the crash. The accident occurred on the Stevens Creek road near the DiFiore cannery. Nesbit was rushed to the hospital where examination revealed a fractured skull and a broken jaw.

Private funeral services will be held today at the Place funeral home in Los Gatos with the Rev. H. H. Wintler officiating. Deceased is survived by his widow and two children, Evelyn, aged nine, and Dwight, aged seven, of Campbell.

DAVID MERRILL IN AUTO-TRAIN CRASH. IS BADLY INJURED

David Merrill, son of Mr. and Mrs. E. C. Merrill of East Campbell avenue is recovering at the county hospital from injuries sustained in an auto-train crash which occurred at the local crossing about 9:30 Thursday evening. The lad is suffering from two broken ribs, internal injuries and several cuts and bruises. A recent blood transfusion is reported to have improved his condition markedly.

Merrill was riding down the avenue with Arthur McCarthy and Thomas Leo, who was at the wheel, when a freight train proceeded across the road; the machine was going to fast to stop, and in his effort to miss the train Leo endeavored to parallel the course of the train, but skidded and side-swiped a boxcar. Neither of the other boys were injured. Dr. Frank R. Anderson is attending the injured youth.

Alumni Association Plans For A Dance

Wednesday evening, Oct. 15 the Campbell High School Alumni association met for the first time this fall for the purpose of electing officers. Dan Yeager was re-elected president, Nuncy Abinante, vice president; Marion Margeson, secretary, and Roy Archibald was re-elected treasurer.

At this meeting plans for a dance were made and carried out to some extent. The hop will be held Friday evening, November 14, in the high school annex and a good orchestra will be obtained by the committee. Alumni and students of the high school are being invited.

HIGH SCHOOL NOTES By Helen Gartner

The junior Campfire Girls of the Campbell Union Grammar school met at the club house last Friday and elected the following officers: President, Juliette Worcott; vice president, Barbara Van Every; secretary, Barbara McQueen; treasurer, Betty Thayer; scribbler, Jeanette Collins. Their guardian is Miss Lois Rice, assistant guardian, Olga Brydon. They meet every Friday afternoon from 3 to 4 o'clock at the club house on North Third street. For a group name the girls selected "West-ma-chick," which means "friends."

Members of the orchestra and the band enjoyed a trip to San Francisco last Saturday. The U. S. Marine band was playing there. It is the best band in the United States, if not in the world. The party left about 11 o'clock Saturday morning and did not return until late Saturday night.

The new officers of the sophomore class were elected last week. They are as follows: President, Barbara Husted, vice president, Marjorie Prout; secretary and treasurer, Harriet Johanson.

The Girls League has named the following committees to act during the year: The entertainment committee is D. Todd, chairman; G. Nelson, B. Mamma, L. Caldwell, B. Keessling, M. Bohman, M. Viera, F. Johnston, A. Blakesley, L. Rhoten, Miss Ruby Howes and Mrs. Rae assisting and advising. The mothers are invited to all of the Girls League programs. The league orchestra committee is composed of Betty Keesling, chairman; Mildred Pyle and Olga Brydon. The Thanksgiving program committee is as follows: Lois Rhoten, chairman; Alice Blakesley and Dorothy Todd.

The high school will honor Roosevelt Day next Monday. The speaker will be Samuel G. Thompson of San Jose. The program will begin immediately at 2:30 o'clock. Visitors are welcome.

THE SPORT FORUM By DICK LYNDEN

Performing their elaborate football deceptions in a manner pleasantly reminiscent of better days, the Stanford grid-sters nudged over two huge touchdowns in the first half last Saturday and then slumped into a torpor remiss which practically laid the game on a platter for the big northern farmers. Fortunately, the Oregonians, in those closing minutes of excitement, snatched the line three, which amounted to laying three plays on the altar of sacrifice, and so blew their one chance to tie the score.

"Pop" Warner, fat and sul- len these days, probably won the game for Stanford last week-end by a strategem which seems to have been little noticed. Just before the half Schisler ran in his second eleven to give the thoroughly cooked regulars a rest. Immediately, Warner, who had been playing his second team, whipped out his first string, the boys taking the field with a dash that has characterized their activities everywhere except on the gridiron this season. In those seven minutes before the respite Stanford scored twice and won the game in the stylish manner.

It is true that Stanford was superbly rotten in that shoddy second half, but she gave, throughout, little morsels to feed the flickering hopes in Stanford hearts—i. e.—the interference on some of those reverses and laterals was nigh perfect.

The tricky Trojans, a team begotten of southern supermen, buried these same Farmers under a 27-7 thrashing some few weeks past, which might seem to infer that U. S. C. is several touchdowns better than Warner's whiffing warriors. There are some that will have to be shown, however, and the author is in that exclusive group.

Regrettably, we do not have that "buzzing under the bonnet" which Mr. Custer admires (in a moment of familiarity) is his very profound reason for picking the Trojans to subdue the Cardinals. We merely logic that Stanford has the potentialities of a great team, that Warner has brought his team along very slowly, with scarcely any scrimmages, that she should reach the heights Saturday, playing in full strength for the first time this season, and that a good Warner team on a good day is capable of licking any team in these United States.

Harry Hillman, thick-skulled fullback, had his more sensitive nose broken while bumping the line against Oregon State last Saturday, but will be ready to play in the U. S. C. classic. No injury above the shoulders is taken seriously in football—the trainer merely slaps a chunk of adhesive tape on the injured portion and the player is prepared to do battle again. And Knute Rockne has the crust to say that brains are the first essential of football.

The further humiliation of California by the Olympic club cannot be considered with much seriousness since the Bears played a substitute team the entire game. Dink Templeton suggested before the game that Price was not even going to try to win. Imagine California throwing a game this season, if you can.

The Dartmouth eleven, eastern favorite, was soured-rushed 14 first downs to six last Saturday and yet managed to eke out a 52-0 victory over the Columbia Lions. Which goes to prove that touchdowns still play a considerable part in winning games.

There is no Substitute for Savings in the Bank

Ready cash saved and in the bank is the kind of money that makes money. Day after day, time and again, we see the men and women with savings accounts in the bank taking advantage of opportunities to make more money.

They are ready and able to buy bargains in real estate, make the best terms in buying or building a home, secure sound investments, and they generally get what they want.

TEACHERS URGED TO JOIN UNION

(Continued from Page 1)

amount the administration can save on each teacher now becomes the new criterion in teacher selection. With tenure gone, none of us need worry over the amount of the retirement salary. It will automatically be abolished for many teachers, along with their hard-earned maximum salaries. Two years ago, at a meeting held in the midst of institute in San Jose, The Santa Clara Teachers association made the welkin ring by passing a resolution which was forwarded to William Cooper, then superintendent of public instruction in California, demanding that the teachers' tenure law be kept at status quo.

There is an organization in this state which stands squarely for this present tenure law. Since forewarned is forearmed, protect your own economic interests and the future of the children of the state, by joining the Federation of Teachers, Local 61. If the principle of unionism is good for the mechanic and the carpenter, it is also good for another worker (whose hours seldom can be limited to eight), the teacher. In 1919, Will C. Wood, then state superintendent of education, was quoted in the Sept. Sierra Educational News as saying, 'Already unions have been formed in several cities of California. The legal right of teachers to organize in this manner cannot be challenged. . . . Can active citizens be

trained by passive teachers? The formation of unions is only an indication that the teacher is awakening.'

"The American Teacher, the national organ of the Federated Teachers says: 'The history of free education itself is inseparably bound up with the American labor movement, although but scant credit is accorded this fact by the education overlords who virtually owe their own opportunities for an agreeable vocation and remunerative service to the untiring efforts of unionized groups of citizens.'

One luxury that saves money

Jones is a man who watches expenses. Checking old against new bills, after their Crane Automatic Water Heater had been in a month, he looked up at last. "Well, I thought all good things had to be paid for, but this one has actually saved us money," he said.

The automatic thermostat in Crane electric or gas heaters, not only saves waiting, lighting and attention. It keeps the heat shut off, except when actually needed for heating water, using as much fuel as is needed and no more. Let us demonstrate.

Calvin Coolidge Acclaims Qualities of Sheriff Lyle

In San Jose Mercury Herald,
Oct. 10, Ex-President writes:

For important political service the three qualifications necessary are **CHARACTER, ABILITY and EXPERIENCE.** Some of our voters are not giving sufficient consideration to these requirements. They are often supporting candidates whose greatest appeal is that they are good fellows. An agreeable personality is a fine quality but is not enough to administer a great office. It is vain to support office seekers who smile if it results in electing office holders who are not competent.

The government cannot be run successfully by substituting the power of entertainment for the power of accomplishment. The essential quality for the voters to require in their choice of candidates is capacity for public service.

To My Fellow Citizens:

It is an extreme pleasure for me to be able again to address you after a long silence occasioned by many weeks of illness which has almost entirely confined me to my home with an attack of pneumonia from which I am slowly convalescing.

In speaking to you at this time I most respectfully wish to remind you of those particular issues and personal attributes upon which I based my candidacy for sheriff of Santa Clara County, and which I feel pleased to believe prompted you to give me the splendid tribute of confidence which I received at the primary election just passed.

During these recent many months of campaigning mine has been a fine, fascinating experience. Throughout the length and breadth of this valley I have come upon evidences of faith and loyalty which have stirred me more deeply than anything I have ever known.

I have made and am making an earnest endeavor to meet every one of you, my fellow citizens, face to face, and had not illness intervened I would have in a large measure been successful in meeting those in person whom I have not yet had the pleasure of knowing.

I want you to hear my message. I want you to draw your own conclusions as to my character, my sincerity of purpose, and my eligibility for the responsible position to which I aspire.

I earnestly want you to know me so that in the event I am elected to the office of Sheriff you may come to me as one friend to another, seeking my official services in the fullest assurance that you will receive every consideration and courtesy at my hands.

As I have said before I positively have no alliance with any political faction or secret understanding with any political boss.

This applies to Mr. J. O. Hayes, Mr. Louis Oneal, Mr. Charles Bigley, or any other person who is looked upon in this community as being a political factor, and I further pledge you that in the event of my election no one of these men will receive any greater consideration at my hands than may the humblest citizen.

As far as members of the legal profession are concerned I will treat Louis Oneal precisely the same as I will treat Herbert Jones, L. D. Bohnett or W. E. Foley or any other attorney—not distinguishing in any particular in my attitude toward them. They are attorneys at law and entitled to courteous treatment at my hands—no more, no less.

I shall select my own deputies without interference and shall look solely and alone to their qualifications as officers of the law rather than their political affiliation.

The same thing will apply to each and every official act of mine. I shall administer the law fearlessly and shall drive from this community the stills, brothels, and dens of iniquity which have been and are infesting this community and which are furnishing liquor to some of the boys and girls whether with or without the consent or knowledge of their parents.

My campaign has been and is financed and conducted solely and alone by a little coterie of self-sacrificing, loyal friends and supporters in all walks of life who have every faith in me and the constructive, progressive policies on which I stand.

As many of you know, I have come this far—qualifying for the general election—without the support of any daily newspaper. If my name has been broadcast throughout the county it is due entirely to the tireless efforts of these loyal friends of mine who have given most liberally of their time in an intensive canvass of every locality.

It is gratifying to me to be able to tell you that from the very beginning my campaign has been conducted along clean, respectable lines. It is my firm belief that the true American citizen is a lover of clean sport, that he has neither time nor patience for debasing political rumors and character-wrecking falsehoods designed solely to influence votes.

I cannot bring myself to believe that anything is gained by a candidate, or his friends, who wilfully and maliciously circulate destructive propaganda to win his ends, and if such methods are necessary in order that my election may be encompassed, I would rather go down to defeat maintaining my own self-respect.

From time to time during the brief period remaining of this campaign, I will give you a message in the same manner that this is being given you in keeping with my circumstances and position in life, and of necessity must depend upon the thousands of friends who showed their confidence in me at the primary to bring about my election.

I shall also through personal endeavor during the remainder of the campaign see as many of my fellow citizens as possible, and in the meanwhile I shall be most happy to answer any and every question where there may be a doubt in your minds as to my position on any one of the many matters with which I may have to deal in my capacity as sheriff if elected to that office.

My home address is 251 South Seventeenth Street, San Jose, telephone Ballard 5731-R. My general headquarters are 66 East San Fernando Street, San Jose, telephone Columbia 916, where a message will be received and every courtesy extended at any time.

May I take occasion again to thank sincerely the thousands of men and women who so loyally supported me during the primary election.

Sincerely yours, WM. J. EMIG.

Woman's Club Hears Dr. A. E. Osborne On Early California

The romance of Mexico and early California—no more interesting phase of American history can be found than that which deals with the development of Mexico and Alta California. Dr. A. E. Osborne of Los Gatos, one of the most ardent and thorough students of early California history, addressed the Country Woman's club Monday, choosing as his subject, "General Vallejo and His Times." The Doctor considers General Vallejo as the most illustrious of the many men famous in our state's history, the only one raking him perhaps being Father Sierra. He told several intimate incidents in Vallejo's life in such a sympathetic way that he almost visualized him to his auditors.

Colder days are coming! Gas-fired heating is clean and care-free

If you are tired of making fires on chilly mornings, tired of cleaning out ashes and dirt from smudgy fires—then one of these labor saving appliances is just the thing for heating your home

The Floor Furnace

The Floor Furnace is ideal for homes having no basement.

This gas-fired appliance will heat two or three rooms comfortably, even in the coldest weather. You turn a handy valve to start it. Quickly, it circulates warm air all about the rooms. It draws cold air off the floor, down around the hot outside of the steel firebox, and back into the room as warm air, without mingling with the burning gas. All products of combustion are vented outdoors.

Floor Furnace

Completely installed for \$10.00 down and only \$7.50 a month.

The Circulating Room Heater

The Circulating Room Heater is ideal for heating small homes, stores, and offices. No basement is necessary.

This circulating heater is a graceful cabinet, harmonizing with the most tasteful furnishings. You'll like its clean, convenient heating. It circulates healthful warm air in from 2 to 4 rooms. No products of combustion can escape into the room—they are vented outdoors.

This economical heater will be installed by us for only \$5.00 down and \$7.00 per month.

The Radiantfire

You can modernize your fireplace and change it into cheerful, care-free heating by installing a Humphrey Radiantfire.

The Radiantfire does away with the discomforts of the old-fashioned fireplace, with its wasteful heating, dirt and ashes and all attending labor.

At the same time it gives you all the romance of an open fireplace.

Have a Radiantfire installed in your fireplace. Light it—quickly it takes away the chill and spreads radiant warmth to every corner of the room. There is a Radiantfire suitable for every fireplace, in colors and designs to conform with any decorative scheme. We'll install one in your fireplace for \$5.00 down.

Radiantfire

In addition to these three inexpensive but efficient heaters, there are warm-air furnaces suitable for homes having a basement.

And remember, when you have gas there is no fuel to order. No cleaning to do. You pay for the gas after using.

See these house-heating appliances at your dealer's store or call at our office.

11 Years constipation
Glycerin Mix Ends It

"For 11 years I tried to get rid of constipation," says Chas. E. Blair. "Then at last the simple mixture, Adlerika, made me regular."

The simple mixture of glycerin, Buckthorn bark, saline, etc., (Adlerika) acts on BOTH upper and lower bowel, relieving constipation in 2 hours! Brings out poisons you never thought were in your system. Let Adlerika give your stomach and bowels a REAL cleaning and see how good you feel! Shadle's Drug Store. Ad.
